Profile

Aspiring software developer with a fervent passion for learning and growth. Skilled in Analytical Skills, Communication, Leadership, and Design. Eager to contribute my coding skills and enthusiasm to real-world projects while continuously expanding my knowledge in the dynamic field of software development.

Education

BTECH - Computer Science Engineering

Niit University

2024 | Neemrana, India

Projects

CTFByte

Developed a beginner-friendly CTF Platform with integrated chat forum using Django. This project aims to provide an interactive environment for users to learn and practice cybersecurity skills through Capture The Flag challenges.

EZShopping

Crafted a robust MERN stack ECommerce website tailored for food delivery services. The platform empowers customers to browse, order, and pay for their favorite meals.

Expense Tracker

Designing a user-friendly expense tracking website tailored for students. Leveraging the MERN stack to provide an intuitive platform that allows effortless monitoring and management of expenses, promoting effective financial tracking for students.

Comprehensive Analysis of Healthcare Data

This project involves curating a comprehensive dataset encompassing state-specific healthcare attributes. Through rigorous regression analysis, we establish connections between these attributes and the life expectancy of state residents.

User Behavior Analysis using R

This project utilizes R functions for conducting user behavior analysis. By examining user data, it aims to identify significant patterns related to gender and age groups.

Skills

JAVA | Python | CSS | JavaScript | HTML

Adobe Photoshop | Adobe Premier Pro | MERN

Git | Github

Professional Experience

Graphic Design Intern

Mr. Moustache's Cakes

07/2022 – 09/2022

Engaged in a dynamic graphic design internship, honing creative skills through hands-on projects. Collaborated with teams to produce visually compelling designs, gaining valuable industry experience and contributing to impactful visual solutions.

Campus Ambassador

Viral Fission

2020 – 2022

Served as a Campus Ambassador in digital marketing, representing renowned brands including Spotify, Pepsi, and Unacademy. Executed strategic initiatives, amplifying brand presence through innovative campaigns and effectively engaging the target audience.

Certificates

Python Programming Complete Beginners Course Bootcamp 2022

Cybersecurity Essentials by Cisco Networking Academy

Java Programming Masterclass (Ongoing)

Organizations

Multiple Sclerosis Society of India, MSSSI

Volunteer

2012 – present | Pune, India

MSSSI is a non-profit organisation that aims to help those who are diagnosed with Multiple sclerosis (MS).
